

Livent Ethics Response Lines and Communicating with the Board of Directors

Reporting Suspected Ethics Violations

At Livent, we are committed to conducting our business with honesty and integrity and complying with all applicable laws. The Livent Code of Ethics and Business Conduct exemplifies our dedication to these high business standards. The Code of Ethics summarizes the legal and ethical principles that we follow in our policies and practices, and in our daily work. These principles are to be reflected in the behavior of all directors, employees and others who are bound by our Code of Ethics, regardless of position and location.

Livent has multiple ways that a suspected ethics violation can be reported. Livent will treat all reports in an appropriately confidential manner and will ensure that no acts of retribution or retaliation will be taken against anyone for making a report in good faith.
